

# Create Zone

You will need:

1 jam jar (which would normally be thrown out)

1 tea light or other small candle

A selection of items to decorate it such as:

Glass pens/sharpies

Stickers

Tissue paper and glue

Sequins

These old jam jars would normally have been thrown out.

Today you are going to decorate the jar and 'restore' it by making it into a tea light holder.

This is a reminder that with God restoration is always possible.

The light is a reminder that Restoration comes in the person of Jesus - The Light of the World.
